\* Trex Company does not approve the use of plug-based fastening systems for Trex Enhance® decking, however fasteners are warranted by FastenMaster. FastenMaster's warranty depends on multiple factors including: number and type of fasteners, spacing from end and edges, moisture content, load being applied, etc. The warranty only covers the cost of the FastenMaster product and does not include building materials (decking, framing, accessories) or labour to remove and replace affected product.
